In addi on to offering fresh quality processed spices and herbs, we develop our in-house proprietary dry blends also available for wholesale to all food and allied businesses. Our clients also include small scale to large scale na onal and mul na onal Food and Snack manufacturers and wholesale suppliers of food ingredients and savory blend. We serve as a major source of ingredients and custom blends for restaurants and food manufacturing industries as first stop shop for wholesalers, retailers and online consumers.

We lead the ingredient supplier industry and offer **Controlled Aflatoxin, Heavy Metals, Pes cide and Organic Agro Products** in Pakistan.

Our PRODUCTS

- Spices
- Herbs
- Pulses &legumes
- Dehydrated Fruit & Vegetable
- Starches
- Seasoning & Recipes Mix
- Condiments
- Dry Fruits

Our team of experts work closely with farmers to enhance Quality & Safety based produc vity. With vast years of experience in processing of Dehydrated Products, we make sure to maintain the equal quality and taste throughout the use.

To make our system more efficient we chose the strategic loca on for our process units. Our processing units are located in the Punjab and Sindh -provinces of Pakistan, right in the center of the vegetable, fruit and spice growing areas. This ensures the best & fresh quality raw materials yielding the lower-cast of the finished products.

Vision

Faizan Food Industries is in harmony with Human, Nature & Technology.

Human

Wecare forConsumer Safety and Well being. We guide farmers including female farm workers to adopt safe, environment friendly, quality assurance farming techniques abiding by interna onal Safety Standards. We discourage child labor and encourage equal opportunity to female workers to improve socio-economic condi ons in less privileged areas.

Nature

Wecarefullyselect and control raw materials from its growing regions in Pakistan and implement environ-friendly process and strict quality controls to meet our client's requirements.

Technology

Westrivetoimproveand technically upgrade the specialized processing system at the company.
